## BORN AS OUR LOGO NOW SHAPING OUR DESIGNS

The curve shape represents our logo and defines a long number of our designs. It was born from a strong belief that simplicity lasts the longest, and a wish to create designs with an inviting appeal to be used on the table.

Today the curve shape is presented as **more than just a table mat** and stands as the icon for many of our designs. Soft to the eye, the unique, organic curve shape invites you to create inspiring table settings and to bring people together in a friendly and relaxed atmosphere.

### MORE THAN JUST A TABLE MAT

The soft, minimalistic shapes of our table mats invite you to create beautiful table settings that appeal to all senses - but did you know that it was originally designed to be **more than just a table mat**? With our LIND DNA catalogue, we invite you to play with your notion of a table mat by mindfully arranging a stilleben anywhere in your home. Experience how the table mat will frame your favourite items and bring new life to your interior styling.

## MADE IN DENMARK

LIND DNA was founded in 2013 with the ambition to inspire consumers with table setting products and to rethink interior design from a sustainable perspective. In our efforts to reduce our environmental footprint, we make no compromises to the quality and aesthetics of our products, which is why design as well as production take place locally in Denmark. It allows us to be hands-on with the production process and ensures our continuity and high standards. This includes a thorough in-depth quality control process, limiting returns to a bare minimum, while limiting our impact on the environment.

Behind the company is Preben Lind, who is also the designer and owner of LIND DNA. The fact that we have founder, owner and designer within the company ensures that the development of new design and interior concepts always originates from the heart of LIND DNA.

Our first and eventually most famous design is our tablemat curve made from OEKO-TEX® certified recycled leather.

## DESIGNED TO LAST A LIFETIME

Sustainability runs deep in our veins and has been an essential part of our corporate DNA since the very beginning. To assure you that our designs will endure the test of time, we proudly offer **lifetime guarantee** on our entire range of Table Mats, the LIND CURVE- and SILHOUETTE collection. The lifetime guarantee is your safety and guarantee that our Table Mats, the LIND CURVE- and SILHOUETTE collection have been manufactured with great attention to durability, design and quality.

  
 LIFETIME GUARANTEE RECYCLED LEATHER

## RECYCLED LEATHER

The bedrock of most of our designs is OEKO-TEX® certified, recycled leather. Sourced from surplus production from the furniture and fashion industry, the vegetable-tanned core leather is first granulated, and then pressed together with natural rubber from trees. The result is a recycled leather quality, consisting of 80% core leather and 20% natural rubber – a material that is not only incredibly durable and water repellent but also easy to clean. Lastly, the recycled leather is dyed with water-based colour and embossed with beautiful surface textures and patterns.

### A WORLD OF COLOURS, TEXTURES AND SHAPES

Dive into our world and explore how we turn any table setting into a playground with endless possibilities. With thousands of choices in terms of colours, textures and shapes, we proudly offer the possibility to create a seemingly infinite range of expressions to match the occasion.

### THREE NEW, EARTHY COLOURS

It is no secret that we love colours. To us, colours are of great importance to the longevity of our LIND DNA design and, every now and then, new timeless colours are added to our colour range.

In this LIND DNA catalogue, you will find leather NUPO in three new, earthy colours: Caviar, Clay Brown and Oyster White. The three colours are available in the form of curve, circle, leaf and square Table Mats, Glass Mats and Loops. A double combination of Caviar and Clay Brown has been added to the reversible Table Mat series, in all three forms as well.

From quiet morning coffee to vivid weekend gatherings with friends and family, the reversible table mats turn your dining table into a playground with endless possibilities of expressing your unique personality – just turn your table mats over to create a new look, colour and setting to match any occasion.

For hot cortados or cooled G&T's - whatever way you prefer to quench your thirst, there is a glass mat for any occasion.

### HOT MAT

Our hot mats in 3 mm durable recycled leather are heat-resistant up to 180 Celsius, making them ideal as trivets for hot pots and pans. Leave the hot mats on the table after dinner and use them as a decorative base for your favourite flower vase.

## CLEANING PRODUCTS

Care is key to keeping your LIND DNA leather products in tip top shape, which is why we have developed two unique cleaning products: DEEP CLEANING SOAP and CLEAN&CARE.

TABLETOP

### DEEP CLEANING SOAP

For a thorough in-depth cleaning of LIND DNA Table Mats and Glass Mats, we have developed our DEEP CLEANING SOAP, which is a liquid soap, especially made for cleaning of products in recycled leather. Simply dilute the soap into a bit of water and wipe the mats over gently with a sponge, allowing the soap to foam up. Afterwards, remove the foam with a damp cloth.

For heavy cleaning, leave the foam on the product for a few minutes, and remove with a damp cloth. The DEEP CLEANING SOAP ensures that the mats stay perfect year after year.

## OAK CANDLE HOLDERS

Living in the northern hemisphere, lighting candles in the dark helps us create that special feeling of 'hygge' and gets us through the gloomy winter months. With a clever design, combining oak, recycled leather and hidden magnets, our selection of candle holders lets you play with the expression by combining and placing the candle holders in numerous ways according to personal style and taste. Our selection counts both tealight and candle holders as well as our CONE CANDLE HOLDERS in natural or smoked oak that can be placed on the candle boards.

### CURVE CANDLEHOLDER & TEALIGHT

Our CURVE CANDLE HOLDER & TEALIGHTS in oak and recycled leather are handcrafted for regular candles or tealights. The hidden magnet in the oak makes it possible to combine and place the candle holders in numerous different ways according to personal style and taste. Two, three or four CURVE CANDLEHOLDER & TEALIGHTSs can be combined into one tealight candle decoration, or they can be placed separately – you decide.

### STONEWARE

Create a magical ambience not only for large family gatherings and festive occasions, but also for all the small meals and pauses throughout the day, with our handmade Curve STONEWARE. The organic idiom of the Curve STONEWARE collection lets you rethink how to serve your favourite food and allows you to play even more with the symmetry of your table setting by adding another dimension of curves to your table. Let your imagination run riot and compose your own unique table stories by mixing and matching your favourite stoneware colours. Carefully choose between sand, warm grey, navy blue and black.

All CURVE STONEWARE parts are freezer, microwave and dishwasher safe. The entire range is heat resistant up to 270 °C in the oven and due to the high density of the material, all parts are very durable.

## CUT&SERVE

Our CUT&SERVE collection of cutting boards may have a soft, wooden appearance, but is actually made from compact laminate - a very strong and durable material consisting of multiple kraft paper layers pressed together with resin from trees. Mixing high aesthetics and functionality, the boards can be used as decorative serving boards for tapas or snacks.

The CUT&SERVE boards are dishwasher proof, almost impervious to wear and tear and heat-resistant up to 180 Celsius, making them applicable as trivets for hot pots and pans.

DENMARK

### ADD A SOPHISTICATED EDGE

Our collection of small furniture is characterised by subtle lines and beautifully paired materials. The recycled leather combined with steel and wooden elements create the foundation for the entire series. With an appearance that is both simple and elegant, the furniture fits perfectly into any setting and adds a sophisticated edge to the interior.

We strive for our designs to challenge and surprise you, why several of our furniture is cleverly designed as knock-down pieces – flat-packed and easily self-assembled – inviting you to connect and engage with the designs and enabling us to reduce our environmental footprint.

DENMARK

### CURVE LOUNGE TABLES

Our collection of CURVE LOUNGE TABLES is based on the classic design of our CURVE TABLES. The well-known curve shape invites an organic expression to your home and is the epitome of our design DNA. Two or three steel plates are connected by oak legs, and the inherent warmth of the wood adds a soft expression to the tables. The different sizes and heights allow multiple tables to blend together in formations - in any living room, lounge setting or lobby area.

## PICK-UP TABLE

The portable PICK-UP TABLE is designed with a reversible, recycled leather mat on its top plate, making it possible to change the look of your table in a blink. Choose among a variety of different leather surfaces and colour combinations and personalize the expression of your table.

## TURNTABLE

TURNTABLE is a simple and elegant side table, available in two sizes that can either be used separately or positioned in beautiful pairs or clusters throughout your home. Designed with a reversible mat on its top plate and a aluminium JEWEL, it is easy to change the look of your table.

## STRAP TABLES

Developed as a flatpack for stress-free self-assembly, STRAP TABLE is a unique combination of materials that are shaped into an iconic piece of furniture with great usability. The STRAP TABLE S has been sized up to a larger version, and both sizes beautifully combine recycled leather with oiled oak. With a small handle, the STRAP TABLE is easy to carry around and fits anywhere in the home – as bedside table, coffee table, next to a sofa or your favourite armchair, or simply as a statement piece.

### CURVE CHAMELEON TABLE

CURVE CHAMELEON TABLE is designed with a black, lightweight steel frame for an understated appearance. The legs have a graphic angle and add a distinctive character to the minimalistic design, making it striking from any perspective. The table comes with a TABLE MAT CURVE L in recycled leather on top. However, as the name indicates, CURVE CHAMELEON TABLE offers an extra functional dimension, as you can change the table mat with any other TABLE MAT CURVE L.

### CURVE COFFEE TABLE

Crafted from a combination of black steel with recycled leather or wood veneer on the top plates, the CURVE TABLE will add a distinctive touch to an otherwise minimalistic interior. The minimalistic construction adds a sophisticated edge to your interior and enables you to create small sculptural clusters when placing them in pairs or groups.

## STOOL&TABLE

The concepts of presence and togetherness form the basis for the STOOL&TABLE. The piece is practical in countless ways – as a side table in the bedroom or lounge area or as a seat for unexpected guests allowing you to simply sit down and be present. STOOL&TABLE is designed in shaped aluminium coated with recycled leather and an oak rod.

## TABLE&MORE

Let only your imagination set the limits with the versatile TABLE&MORE. Use it as a table or as a container for logs, blankets, magazines, and much more. You can even stack TABLE&MORE on top of each other and create your own personalized bookcase.

### FLAMINGO HIGH STOOL

Long, sleek legs and an elegant outline define the FLAMINGO HIGH STOOL. The high stool is a versatile seating option that will add character and edge to your home - making friends and family want to linger. The seat is designed in solid steel covered with our recycled leather. The shape is curved to give it a great ergonomic curve.

### BENCHES

Our line of BENCHES brings a feeling of soft serenity to any space throughout your home thanks to the simple, graphic design. Place it in the hallway, at the end of your bed, or simply as a statement piece in any room.
